Profile

Open to Freelance Design Work

As a recent industrial design graduate with a minor in sustainability, I am a highly motivated individual seeking a position as an Industrial Designer. With a strong background in design and a commitment to user-centered solutions, I am driven by design thinking principles. I am a fast learner, hard worker, and self-starter, always seeking new challenges. Proficient in 3D visualization software such as Solidworks, KeyShot, and the Adobe Creative Suite, I possess the technical skills necessary to bring designs to life. I am excited to contribute my expertise and creativity to create effective and user-friendly designs.
